The specifications are being changed to include “or approved equal” as well as the following:
 The items specified below by brand name are intended to establish a standard of quality and guidelines for competitive bidding, which will be required. Similar item or items of manufacturers other than those listed in the bids submitted will be considered if comparable in quality and function. However, before they can be accepted, the vendor must supply with his/her bid detailed manufacturer specifications to verify that the alternate does meet the minimum required specifications as determined by the Department of Administration and using State agency. It will be the responsibility of the bidder to provide all technical information as to the acceptability of the alternate item(s).

The Response due date remains unchanged.

The following minimum requirements have been defined by the State of Indiana and all items bid must meet or exceed these requirements. Failure to include any information requested in the minimum requirements worksheet may result in the removal of a respondent's bid from consideration.
